CARROLLWOOD RECREATION DISTRICT Board of Trustees

PROFILE OF CARROLLWOOD RECREATION DISTRICT

HISTORY

With a vision and foresight, Matt Jetton achieved local and national fame in the early 1960's when he developed Original Carrollwood, a deed restricted community. His company, Sunstate Builders, purchased 325+ acres of citrus grove and nursery land, just seven miles north of the City of Tampa. His vision was to create housing to relieve crowding in South Tampa; however, the residents of South Tampa did not care for the rural surroundings of Carrollwood. Located just 10 miles due west of the newly constructed University of South Florida, the Original Carrollwood community was discovered and embraced by the university academia, including University of South Florida's first president, John Allen.

By 1959, Carrollwood had become one of the foremost award-winning "subdivisions" in the area and boasted amenities unheard of at the time, including: air conditioned housing, a planned school, neighborhood parks, lake access for all residents, and an on call handy man and repair services. The winding roads, many cul-de-sacs and lake views added even more charm to this young community.

HISTORY OF THE BOARD

Upon completion of the development of the Carrollwood Subdivision, Sunstate Builders eventually transferred responsibility of common area maintenance to the owners of those areas. The Common areas known as White Sands Beach, Scotty Cooper Park, the Recreation Center and adjoining tennis courts are private property owned by the Carrollwood Civic Association, Inc. Original Carrollwood Park (acquired later) is property of the District. All other common areas are owned by Hillsborough County. As the residents preferred a higher standard of maintenance for the County

maintained areas, and wished for a more efficient way to fund maintenance of the privately owned common areas, the Carrollwood Recreation District and its' governing Board of Trustees was conceived.

The District and Board of Trustees was created by an act of the Florida Legislature, Chapter 72-565. This act was amended and superseded from time to time, and all such amendments were eventually superseded by Chapter 99-418. These acts charged the Board of Trustees with maintenance of the County owned common areas within the District under the provisions of it's enabling legislation. The District leases properties owned by the Civic Association, and under this lease is required to maintain these properties to the owners standards.

The maintenance responsibilities of the Board are funded by annual tax levies of all residential properties located in the District.

THE CARROLLWOOD RECREATION DISTRICT BOARD OF TRUSTEES

The CRD Board of Trustees is comprised of nine uncompensated, resident, registered voters. Each trustee carries fiduciary responsibility to the 925 residences within the community. Seven committees have been formed to address all aspects of the community's needs:

- Executive committee (president, vice president, treasurer and secretary);
- Grounds Committee maintenance and improvement of landscaping, irrigation, contract and supervise the lawn care contractor;
- Three park committees (Scotty Cooper Park, White Sands Beach and Original Carrollwood Park) - rules enforcement, ascertain and respond to the needs of the park (through communication with resident users and monitoring the parks' conditions);
- Recreation Center Committee assist in the hiring of a recreation center manager; supervise the manager; oversee the rental of the rooms and grounds; guide the Tennis Subcommittee; ascertain and implement the needs of the facility;
- Community Development Committee respond to the need for development (structures) of the community; overall property planning.

Committee chairs are entrusted to expend up to \$2,000.00 in budgeted expenses without board approval. Expenses between \$2,001.00 and \$4,000.00 require Board approval even if budgeted. Expenses over \$4,000.00 require solicitation of at least 3 competitive bids and Board

approval. Each board member incurring debt on behalf of the CRD is required to inspect the invoice and indicate its legitimacy by initialing and dating the invoice prior to payment. Each committee chair is charged with submitting requests for appropriations to the treasurer for the annual budget preparation. The preparation process for the budget encompasses a three-month period wherein the treasurer compiles a statement of assets, liabilities and cash requests for the upcoming fiscal year, and the board reviews and modifies the requests as needed. Adoption of the budget occurs annually on the second Monday of June for the following fiscal year, October through September.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and each major fund of Carrollwood Recreation District, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of Carrollwood Recreation District, as of September 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-7, and the budgetary comparison information on pages 24-25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Carrollwood Recreation District's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 16, 2016 on our consideration of the Carrollwood Recreation District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion

on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Carrollwood Recreation District's internal control over financial reporting and compliance. In accordance with the *Rules of the Florida Auditor General*, we have also issued our management letter dated December 16, 2016.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Management Discussion and Analysis

The discussion and analysis of the Carrollwood Recreation District's (CRD) performance provide an overview of the CRD's financial activities for the fiscal year ended September 30, 2016. Consider the information presented in conjunction with the transmittal letter and financial statements.

Financial Highlights

- The assets of the CRD exceeded its liabilities at the close of the most recent fiscal year by \$2,101,057 (net position). Of this amount \$434,683 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$97,329.
- As of the close of the current fiscal year the CRD's governmental funds reported ending fund balance of \$417,003, an increase of \$14,244 in comparison with the prior year. Substantially all of the fund balance is available for spending at the District's discretion (unreserved fund balance).

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the CRD basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statement. The government-wide financial statements are designed to provide readers with a broad overview of the CRD in a manner similar to a private-sector business.

The statement of net position presents information on all of the CRD's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the CRD is improving or deteriorating.

The government-wide financial statements of the CRD are principally supported by non-ad-valorem assessments.

The statement of activities presents information showing how CRD's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the government fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The CRD maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general and facilities improvement fund. Only the general fund is considered a major fund. The facilities improvement fund was not utilized in 2016.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the CRD, assets exceeded liabilities by \$2,101,057 at the close of the most recent fiscal year.

By far the largest portion of the CRD's net position (79 percent) reflects its investment in capital assets (e.g. land, buildings, recreational facilities, parks, and equipment); less any related debt used to acquire those assets (reflected as long-term liabilities in the accompanying statement of net position). The CRD uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the CRD's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Carrollwood Recreation District Net Position

Restricted	-	-		
Unrestricted	434,683	420,439		
Total net position	\$ 2,101,057	\$ 2,003,728		

The balance of unrestricted net assets, \$434,683, may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the CRD is reporting a positive balance in net position.

Governmental activities. Governmental activities increased the CRD's net position by \$97,329. Key elements in the Changes in Net Position activity follow:

Carrollwood Recreation District Changes in Net Position

	Governmental Activities		
Revenues:	2016	2015	
Program Revenues			
Charges for services	\$ 16,891	\$ 15,251

Net position, October 1,	2,003,728	1,905,701	
Net position, September 30,	\$ 2,101,057	\$ 2,003,728	

Special Assessments (i.e. taxes) (\$535,833) comprised 95 percent of the total revenues (\$565,766) during the year with the second largest source of revenue being Charges for services for the rental and use of District facilities. Other revenues (including key and decal fees, and miscellaneous income) was \$18,415 lower this year, primarily due to a one time refund in 2015. The increase in net position of \$97,329 was consistent with the prior year increase.

Governmental funds. The focus of the CRD's governmental funds is to provide information on near term inflow, outflows, and balances of spendable resources. Such information is useful in assessing the CRD's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At September 30, 2016, the CRD's governmental fund reported ending fund balance of \$417,003, an increase of \$14,244 in comparison with the prior year. The entire fund balance is available for spending at CRD's discretion. The general fund is the chief

operating fund of the CRD. As a measure of the general fund's liquidity, it may be useful to compare the fund balances to total fund expenditures. The total unassigned fund balance represents 75 percent of total general fund expenditures.

Capital Asset and Debt Administration

Capital assets. The CRD's investment in capital assets for its governmental activities as of September 30, 2016, amounts to \$2,712,907 (net of accumulated depreciation).

This investment in capital assets includes land, building, recreational facilities, parks, and landscaping. The total increase in the CRD's investment in capital assets (before depreciation) for the current fiscal year was less than 1%. The major capital asset event during the current fiscal was installation and replacement of park fencing and HVAC units.

Total	\$ 2,712,907	\$ 2,785,583			

Long-term debt. On September 30, 2014, the District refinanced Note Series 2005 and Note Series 2006 through issuance by Hillsborough County, Florida of Revenue Refunding Note Series 14 (Carrollwood Recreation District) and a related loan agreement with the Bank of Tampa. At September 30, 2016, the CRD had total debt outstanding of \$1,046,533. The debt is backed by the full faith and credit of CRD for which the District is liable in the event of default.

CARROLLWOOD RECREATION DISTRICT NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Carrollwood Recreation District ("District") have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as applicable to governmental entities. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The codification of governmental accounting and financial reporting standards issued by GASB pronouncements are recognized as GAAP for state and local governments.

A. Reporting Entity

The District is an independent special district of the State of Florida, created under the Laws of Florida, was organized for the purpose of continued development, administration, and maintenance of properties for recreational and related activities for the unincorporated area of Hillsborough County known as Carrollwood Subdivision. The governing body of Carrollwood Recreation District is a Board comprised of nine trustees elected for two-year terms by the qualified voters residing in Carrollwood Subdivision.

For financial reporting purposes, the District is required to include all entities and organizations that are controlled by or dependent upon the District as determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to influence operations, and accountability for fiscal matters. Under the provisions of GASB Statements No. 14 and 39, the District's financial statements do not include any other component units.

B. Basis of Presentation

Government-wide Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental activities. None of the District activities has been classified as business activities. The governmental activities include general administration, parks and recreation, grounds maintenance and debt service.

In the government-wide Statement of Net Position, governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net position (if applicable); and unrestricted net position. The District policy first utilizes restricted resources, if any, to finance qualifying activities.

CARROLLWOOD RECREATION DISTRICT NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property assessments, charges and miscellaneous). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (recreational facility rentals). The District does not allocate indirect costs.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories.

The funds maintained by Carrollwood Recreation District are described below:

Major Governmental Funds

General Fund - The General Fund is the general operating fund of the District, and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund. General operating expenditures, debt service and capital improvement costs that are not paid through other funds are paid from the General Fund.

Non-Major Governmental Funds

Capital Projects Fund - The Facilities Improvement Fund is used to account for resources restricted for the acquisition or construction of major capital facilities such as land, parks and recreational buildings. The District did not use this fund during the current reporting period.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred or economic asset is used, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

CARROLLWOOD RECREATION DISTRICT NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Expenditures, including capital outlay, are recorded when the related fund liability is incurred.

D. Assets, Liabilities, and Net Assets or Equity

Deposits and Investments

Cash and cash equivalents are considered to be cash and short-term investments with maturities of three months or less. They consist of cash and investments with the State Board of Administration Investment Pool. Investments are reported at fair value.

Receivables

Receivables consist of revenues earned at year-end and not yet received. The major component of receivables is property tax revenues collected by the County Tax Collector but not yet received by the District, and refunds receivable. No allowance for uncollectible accounts receivable has been recorded since management believes that the receivables will be fully collectible.

Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value on the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The accounting treatment over capital assets, which include land, buildings, recreational facilities, parks and landscaping depends on whether the assets are reported in the government-wide or fund financial statements. None of the District assets are reported as infrastructure assets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Government-wide Statements

In the government-wide financial statements, fixed assets, including capitalized interest cost are accounted for as capital assets, and substantially all of the assets are valued at historical cost. Direct expenses are allocated to the program to which they are most closely associated, whereas indirect expenses are generally not allocated. Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings10-40 yearsLand Improvements10-25 yearsEquipment5-15 years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures upon acquisition.

Long-term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities. The long-term debt consists of bonds payable.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principle and interest are reported as expenditures.

Compensated Absences

All District employees are considered hourly or part-time and are not eligible for vacation, sick pay, termination or postretirement benefits.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property Taxes

Florida law provides that the Board of Trustees shall, on or before August 1 of each year, by resolution fix the amount of assessment for the next ensuing year, and shall direct the property appraiser of Hillsborough County to assess and the tax collector of Hillsborough County to collect such tax as assessed upon each improved residential parcel of property within the District. By referendum dated September 10, 2002, the tax assessed shall not exceed \$600 per annum per residential parcel except upon approval by referendum of qualified voters of the District. The assessment is required to be collected in the manner and form as provided for collection of county taxes.

All property taxes become due and payable on November 1 of each year with an enforceable lien date of January 1, and are delinquent on April 1 of the following year. Discounts are allowed for early payment of 4, 3, 2, and 1% in November through February, respectively. Delinquent taxes on real property may be paid after the date of delinquency but prior to the sale of a tax certificate by paying all taxes, costs, advertising charges, and interest. For all real property with delinquent taxes, the tax collector advertises as required by statute and sells tax certificates. All unsold certificates are issued to the County. Any persons owning real property upon which a tax certificate has been sold may redeem the property by paying the tax collector the face amount of the tax certificate plus interest and costs associated with the sale of the certificate.

After taxes have been delinquent (April 1) for two years, the owner of a tax certificate may file an application for tax deed sale. The County is able to do the same two years after taxes were due.

Pursuant to Florida Statutes, a fee is to be paid to the county tax collector and the county property appraiser for their services regarding the special assessments.

Total assessments on the 2015 Tax Roll are accounted for as follows:

Total assessments (926 units @ \$600)	\$ 555,600
Less: discounts	(20, 220)
	535,380
Plus late payment interest	453
	\$ 535,833

Equity Classifications

Government-wide Statements

Equity is required to be classified as net assets and displayed in one or more of three components:

- a. Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted Consists of net assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or by law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Statements

Governmental fund equity is classified as fund balance. The District has implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources may be used:

Non-spendable – amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes because of the District enabling legislation, state or federal laws, or externally imposed conditions by grantors or creditors.

Committed – Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority, amounts that cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

Assigned – Amounts a government intends to use for a specific purpose expressed by the governing body or by an official or body to which the governing body delegates authority.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fund Statements - Continued

Unassigned – Amounts that are available for any purpose; positive amounts are reported only in the general fund.

The District policy considers the most highly restricted resources to be spent first, if any, to finance qualifying expenditures.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions, the actual results may ultimately differ from those estimates, and the differences may be material.

NOTE 2 - DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements:

A. Deposits and Investments

The District's bank account is entirely covered by federal depository insurance or by collateral held by the State Treasurer under the provisions of Florida Statutes.

Florida Statutes restrict and provide various alternatives for the investment of District funds. Investments at September 30, 2016, are held in the Florida PRIME fund of the Local Government Surplus Funds Trust Fund created by Section 218.405, Florida Statutes, which is administered by the State Board of Administration (SBA).

NOTE 2 - DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS - CONTINUED

The SBA PRIME Fund is a "2a-7 like" pool in which the fair value of investment is determined by amortized cost, and securities lending cash collateral investments are recorded at fair value. The District is a voluntary participant in the pool and shares in the pool earnings based on its dollar-days participation. The fair value of the position in the pool is the same as the value of the pool shares. The Florida Prime is rated by Standard and Poors with a current rating of AAAm. Investment policies of the Prime Fund include limiting exposure of investments to short-term, high-quality fixed income securities and will limit exposure to a maximum of 25% exposure to any single industry sector. At least 50% of the investments must be invested in securities rated A-1+ or comparable and no more than 5% exposure to any single non-governmental issuer or 10% to any single money market mutual fund. The weighted average days to maturity of the Florida PRIME at September 30, 2016 is 50 days.

The PRIME Fund security composition on September 30, 2016 was as follows:

Bank instruments - fixed	19.80%
Corporate CP - fixed	15.50
Corporate CP - floating	3.50
Corporate notes - floating	6.50
Bank instruments - floating	14.40
Asset backed Com. Paper - fixed	26.10
Asset backed Com. Paper - floating	3.20
Mutual funds - money market	9.90
Repurchase agreements	1.10
	<u>100.00</u> %

The District's adjusted investment value in the Florida Prime fund amounted to \$201,648 at September 30, 2016.

Interest rates on the PRIME fund varied from .27 % to .78 % during the year. Total interest earned on the SBA investment amounted to \$1,095.

B. Receivables

Receivables at year end consisted primarily of amounts due from the Hillsborough County tax collector. The District determined that no allowance for uncollectible amounts was necessary.

Loan covenants under the 2014 series note requires the District to maintain its primary operating and deposit accounts with the lender until such time as all obligations under the loan are paid in full. The above note was authorized through Board Resolutions.

NOTE 3 - OTHER NOTES

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Significant losses are covered by commercial insurance for all major areas. There have been no significant reductions in insurance coverage, nor have settlement amounts exceeded insurance coverage for the current year or the three prior years.

B. License Agreement with Carrollwood Civic Association

Under the terms of an irrevocable license agreement with the Carrollwood Civic Association, the District has the right to possess, use and maintain certain land and beaches owned by the Association located within the District for an annual fee, payable on April 1 of each year. The agreement authorized a fee of \$28,000 for the current year.

NOTE 3 - OTHER NOTES - CONTINUED

C. Pension Plans

All employees are considered hourly or part-time and do not participate in the State of Florida Retirement System.

D. Subsequent Events

Management has considered the effects of events for possible disclosure occurring through December 16, 2016, which is the date that the financial statements were available for issuance.

CARROLLWOOD RECREATION DISTRICT REQUIRED SUPPLEMENTARY INFORMATION NOTES TO THE BUDGETARY COMPARISON SCHEDULE SEPTEMBER 30, 2016

NOTE 1 - BUDGETARY ACCOUNTING

Section 7 of Chapter 99-418, Laws of Florida (the special act of the Florida Legislature which governs the District) provides for advertising, public hearing, and adoption of an itemized budget on or before July 1 of each year. The act also gives the Board of Trustees the power to transfer funds between line items of the budget, after adoption, up to a maximum of twenty percent by majority vote of the trustees to meet unforeseen contingencies.

The budget is adopted on the modified accrual basis of accounting. All District activity is budgeted within the general fund, including activity for the capital projects fund. Consequently, the actual column includes both funds for ease of comparison with the budget.

Formal integration of budgetary accounts into the general ledger is not employed; however, monthly financial reports are presented to the Board of Trustees reflecting actual revenues and expenditures for the year-to-date, budgeted amounts, and the variance between the budgeted and actual amounts for each line item.

Florida Institute of Certified Public Accountants INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Carrollwood Recreation District Tampa, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of Carrollwood Recreation District as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Carrollwood Recreation District's basic financial statements and have issued our report thereon dated December 16, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of Carrollwood Recreation District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Carrollwood Recreation District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate management letter dated December 16, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We have examined Carrollwood Recreation District's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2016. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2016.

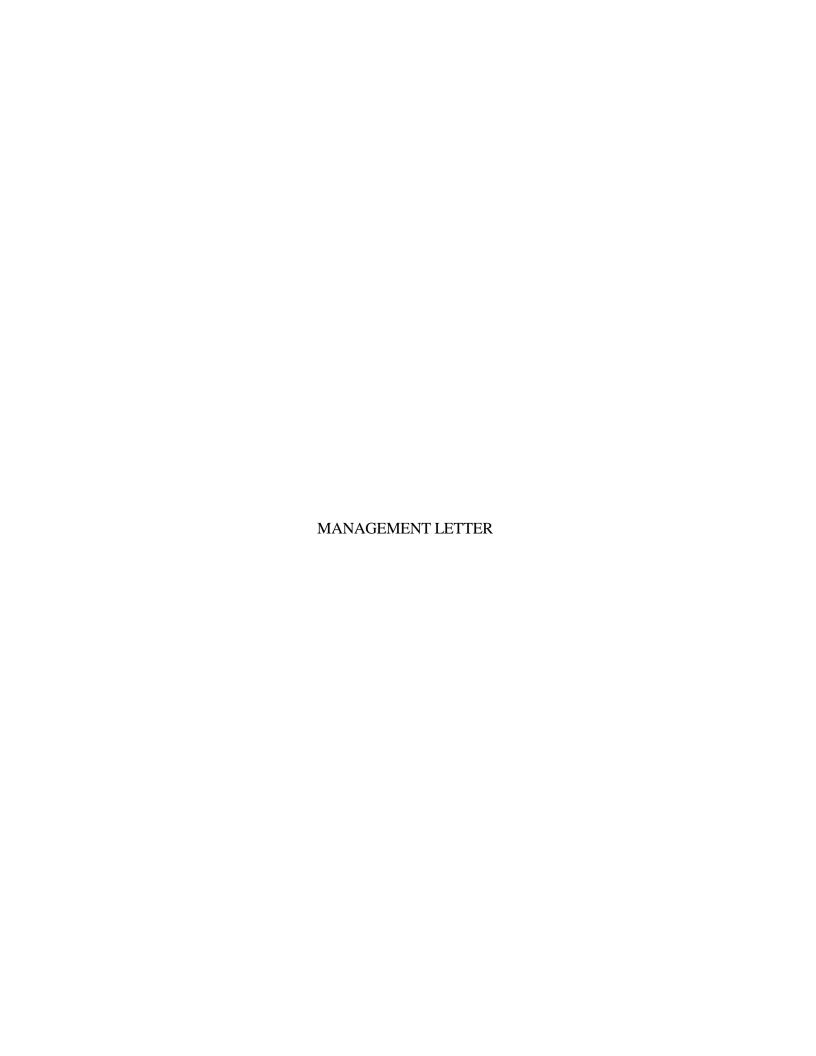

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be, and should not be, used by anyone other than those specified parties.

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Members of: Center for Audit Quality

American Institute of Certified Public Accountants

Florida Institute of Certified Public Accountants Board of Trustees Carrollwood Recreation District Tampa, Florida

Report on the Financial Statements

We have audited the financial statements of the Carrollwood Recreation District, whose headquarters is located in Tampa, Florida, as of and for the fiscal year ended September 30, 2016, and have issued our report thereon dated December 16, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Florida Auditor General. Disclosures in those reports should be considered in conjunction with this management letter.

Prior Audit Findings

The Rules of the Auditor General require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings in the prior year report.

Official Title and Legal Authority

The Rules of the Auditor General require that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information has been disclosed in the notes to the financial statements.

Financial Condition

The Rules of the Auditor General require that we apply appropriate procedures and report the results of our determination as to whether or not Carrollwood Recreation District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that Carrollwood Recreation District did not meet any of those conditions.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Carrollwood Recreation District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. Our procedures did not indicate that the District is in a state of financial emergency.

Annual Financial Report

Rules of the Auditor General require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for Carrollwood Recreation District for the fiscal year ended September 30, 2016, filed with the Florida Department of Financial Services pursuant to Section 218.32(l)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2016. In connection with our audit, we determined that these two reports were in agreement.

Other Matters

The Rules of the Auditor General require that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

The Rules of the Auditor General require that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of trustees, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
