6. Regular Agenda

Mark Georgiades — Treasurer Matters:

- **Trustee Georgiades:** Projected that we should come in under budget by \$20,000.00.
- **Trustee Georgiades:** Recreation Center rooms rentals have greatly improved for us.
- **Trustee Georgiades:** October will be a “tight month” due to a low cash balance.

Mark Snellgrove – President Matters:

- **Trustee Snellgrove:** Presented estimates for repairs @ White Sands Beach. Because TECO is working to bury electric lines along the north property block wall, it was decided to wait until after that has been completed before making the wall repair. The Board consensus was to proceed with A, B, and C repairs from the Keith’s Concrete proposal.
- **Motion** by **Trustee Carelli** to Award Keith’s Concrete a contract in the amount of \$2,350.00 (A, B, & C on the proposal) for concrete repairs at White Sands Beach.
- **Motion** seconded by **Trustee Shidler**
- **Vote:** 6 in favor; 0 opposed

Michael Carelli — Original Carrollwood Park:

- **Trustee Carelli:** reported that our current locksmith is not meeting expectations and the Trustee is disappointed with the work. After multiple site visits and repair attempts, **Trustee Carelli** had to finally call another locksmith - Action Lock & Safe - and the repairs were made and the gates now work. Trustee Carelli is working directly with key manufacturer for a long-term solution for service.
- **Trustee Carelli:** reported that the ballfield at Original Carrollwood Park is fully rented. He credited Janet with taking over 90% of the work and communicating with the teams directly.

Kevin Shidler — White Sands Beach:

- **Trustee Shidler:** reported that Janet is researching laser light monitoring at night. Dr. Kiran Patel who lives next to White Sands Beach, recommended laser light monitoring to Kevin. There appears to be a great deal of activity coming from the lake after the park is closed.
- **Trustee Shidler:** recommended that we take another water sampling based on the lake test results.

Jack Griffie — Scotty Cooper Park:

- **Trustee Griffie:** The new gate is fully installed and operational @ Scotty Cooper Park. Key access (the restroom key) is now required to visit the park.
- **Trustee Griffie:** Is not satisfied either with our current locksmith and commended **Trustee Carelli** for working on a solution. **Trustee Griffie** experienced similar issues with his recent gate access project.

Suzan Giunta – Grounds:

- **Trustee Giunta:** not present.

Paul Siddall — Recreation Center & Tennis:

- **Trustee Siddall:** not present.
- **Trustee Carelli:** has a site visit scheduled this week (September 13th) with the lighting contractor for the tennis courts.
- **Trustee Shidler:** requested that the stakes and orange tape be taken down. **Trustee Price** agreed. CRD maintenance staff will be directed to monitor the parking situation.

Chrissie Price — Community Development:

- **Trustee Price:** new community signage is on hold until tax revenues begin to roll in.
- **Trustee Price:** reported that a resident asked her if CRD knew about, or requested, Florida Fish & Wildlife officers to patrol Lake Carroll over the Labor Day weekend. **Trustee Shidler** indicated that he was aware of it and allowed access, because the officer called and said they would be onsite with a 1-hour notice given. But **Trustee Shidler** did-not request it.

7. Other Business

Hi Mark. I finally had time to research the park bench info per your email below.

I have attached the bench company that Carelli used for the 3 at OCP with details of bench, as well the invoice from Chuck Kim for installation so you would have an idea on the total cost.

Gary verified that we do have one brand new bench stored at SCP, with the parts to it at WSB.

We have yet another gently used one at WSB. They both would need brackets and anchors and installation.

Gary suggested getting Chuck to install them at WSB, one at the volleyball net under the tree, and one by the shower/flag pole area.

Gary said Suzy had mentioned to him a long while ago that she wanted one to be put at one of the islands.

That said, how do you want me to proceed with the resident who is willing to purchase one if we will provide a plaque for the Son's info. I don't know what company does that do you by chance? Gary though Suzy had one done at the Dog park so maybe she know.

I know this may be on the back burner for now, but wanted to get the info over to you.

Thanks!

Janet -

Ask Gary where we need a bench ? Also, ask Jack Griffie. My first thought is White Sands Beach. As far as a bench supplier goes, Mike Carelli was the last person to order benches a couple of years ago for OCP, so you would need to ask him where he purchased the benches and style. I recall they were rust free, or something unique like that. Also, look at the benches on the tennis courts, do they need replacing ?

Thanks..

I spoke with a nice lady who would like to donate a bench for use at any of our parks. She is a 50 year resident and raised a son here in OC. Unfortunately her son died un-expectantly and she would like to donate a bench in her son's honor. She only asks that a small plaque be included on the bench with some words memorializing her son.

I would be happy to coordinate with her, but want to first make sure this is OK with CRD and I expect that CRD has a specific bench supplier that would do the work?

Mark,

As you know, we have two metal green benches in storage that we could have installed and get some use out of them. I would recommend they be installed at White Sands, one on the boating beach and one at the swimming beach. We really don't have a need for them any where else.
